

Konstantinos Lampropoulos, MD, PhD, FESC, MEAPCI
Director 3rd Cardiology Department Euroclinic General Hospital of Athens, Greece
Vice Chair School of Medicine at European University of Cyprus
Associate Professor of Pathophysiology at European University of Cyprus
Auras 8, 14578 Ekali, Athens, Greece
Tel.: +30 6972 729 820, fax: +30 210 72 94 808
Email: K.Lampropoulos@euc.ac.cy

Personal Details

Date of Birth: 29 September 1969

Marital Status: Married

Military Obligations: Fulfilled

Career objective: Making a career in the interventional as well as the academic cardiology fields.

Academics

- Vice Chair School of Medicine, at European University of Cyprus from 9/2022
- Associate Professor of Pathophysiology, School of Medicine at European University of Cyprus from 1/2021
- President Elect of Valvular Heart Disease, in the Working group of the Hellenic Cardiology Society (2022-2024)
- Teacher in Primary Coronary Intervention in postgraduate courses “Resuscitation” at University of Athens School of Medicine from 2017
- Teacher in TAVI in postgraduate courses “Intensive Care Units” at University of Athens School of Medicine from 2019
- Teacher in Pathophysiology, Internal Medicine and First Aid at European University of Cyprus School of Medicine from 2019

- PhD in Cardiology “*Biomechanical, geometrical, and structural changes of the rat aorta following chronic beta-blocker treatment*”, Laboratory of Biomechanics, Center for Experimental Surgery of the Biomedical Research Foundation of the Academy of Athens (BRFAA), Greece (2007)
- Bachelor’s in Medicine (MD Degree) from Athens University of Medicine, Greece (1999)
- MD Obligatory Practice, Chania, Greece (1999-2001)
- Internal Medicine Resident at 251 General Air force Hospital, (2001-2002) and 1st IKA Hospital, HIV Unit, Athens, Greece (2002-2004)
- Cardiology Resident at 1st Cardiology Department, Athens University Medical School, Hippokration General Hospital, Greece and 251 General Air force Hospital, Athens, Greece (2004-2008)
- Interventional Cardiologist at 251 General Air force Hospital, Athens, Greece (2008-2009)
- Consultant Interventional Cardiologist at Polyclinic General Hospital of Athens, Greece (2010-2013)
- Consultant Interventional Cardiologist at Evangelismos General Hospital of Athens, Greece (2013-2024)
- Director Interventional Cardiologist at Evangelismos General Hospital of Athens, Greece (2024)
- Director 3rd Cardiology Department Euroclinic General Hospital of Athens, Greece (2024-until today)

Research

- Investigator at the Harmonia study (2018)

- Investigator at the EURO Heart survey on Valvular Heart Disease (VHD II) registry in the European Society of Cardiology (ESC), (2017-onwards)
- Investigator at the EURO*bservational* Research Programme for Heart Failure in the European Society of Cardiology (ESC), (2012-onwards)
- Investigator at the BIOSTAT study, Athens, Greece (2012)
- Investigator at the OSCAR GR study, Athens, Greece (2011)
- Research Fellow on Interventional Cardiology, Department of Congenital and Structural Cardiology, Katholieke University of Leuven, Belgium (2010)
- Research Fellow at the Stress Echo Laboratory, 1st Cardiology Department, Athens University Medical School, Hippokration General Hospital – Greece (2007-2009)
- Research Fellow, 1st and 2nd Cardio surgery Department, Hippokration General Hospital of Athens, Greece (2007-2008)
- Investigator at the ACTIVE study Athens, Greece (2004-2009)
- Research Fellow at the Hypertension Unit, 1st Department of Propaedeutic Medicine, Athens University Medical School, Laiko hospital, Greece (2002-2008)
- Researcher at the Laboratory of Biomechanics, Center for Experimental Surgery, Foundation of Biomedical Research, Academy of Athens, Greece (2002-onwards)
- Investigator at “EORP-NSTEMI Registry for the EURObservational Research Programme”, registry in the European Society of Cardiology (ESC) 2019
- Investigator at “EORP-STEMI Registry for the EURObservational Research Programme”, registry in the European Society of Cardiology (ESC) 2019
- Investigator at “EORP-TAVI Registry for the EURObservational Research Programme”, registry in the European Society of Cardiology (ESC) 2020

I am official Reviewer for the Clinical Cardiology Journal; Acute Cardiac Care Journal; Echocardiography Journal; International Journal of Cardiology; Circulation Imaging Journal; Hellenic Journal of Cardiology; Cardiovascular ultrasound journal; Revista Espanol Cardiology Journal; British Medical Journal; Medical Principles and practice Journal; European Heart Journal; and the Catheterization and Cardiovascular Interventions Journal, Lancet, New England Journal of Medicine etc.

I am in International Editorial Board of journal Case Reports in Clinical Pathology (CRCP).

I am in Editorial Board of International journal of Cardiology and Lipidology Research (IJCLR).

I am in Editorial Board of Roger Journal of Cardiology.

I am in Editorial Board of Interventional Cardiology Journal.

Distinctions and Achievements

Awards in numerous medical congresses such as:

1. Long-term effect of b-receptor blockade on the mechanical performance of the aorta - experimental study, K.M. Lampropoulos, C.A. Dimitriou, D.P. Sokolis, E. Balafas, H. Boudoulas, P.E.Karayannacos; 2nd award “Best Abstract of Basic Sciences” at 31st Annual Hellenic Medical Congress, 2005;
2. Long-term effect of b-receptor blockade on the morphological characteristics on the aortic wall, K.M. Lampropoulos, D.P. Sokolis, V. Papalouka, C.A. Dimitriou, E. Balafas, S. Vasdekis, P.E.Karayannacos; 1st award “Best Oral Presentation” at 10th Congress of Angiology, 2006;

3. The effect of periodic administration of levosimendane in levels Nt-proBNP, K. Kaloudis, K.M Lampropoulos, N.Kouvelas, T.Iliopoulos; 3rd award “Best Oral Presentation”, 17th Multi-Thematic Medical Congress, 2008.
4. Long-term effect of b-receptor blockade on the mechanical performance and structure of the aorta in rats, K. M. Lampropoulos, D.P. Sokolis, C.A. Dimitriou, V. Papalouka, E. Balafas, I. Donta, P. E. Karayannacos; Distinguished among the Best Experimental Studies, AHA Scientific Sessions, 2006.
5. Self-expanding transcatheter aortic valve implantation for symptomatic high-risk patients with severe aortic stenosis in a new single centre experience in Greece. K. Lampropoulos, M. Argyriou, I. Antonellis, C. Charitos. Bronze Award in Annual Healthcare Business Awards, Athens, Greece, 2019.
6. Comparison study of CT angiography before interventional coronary angiography versus only interventional angiography in patients who have undergone coronary artery bypass (Greece study). Toulgaridis, L. Pappas, G. Tsigas, A. Zacharoulis, K. Lampropoulos, I. Lakoumendas, A. Salachas, S. Georgopoulos, K. Triantafillou, A. Sideris. 1^o Award Best Oral Presentation Athens, Greece 2021.
7. 1st transcatheter implantation of AcurateNeo2 in a degenerated Perceval surgical bioprosthetic valve in the Aortic position (Valve in Valve TAVI) in Greece. K. Lampropoulos Bronze Award in Annual Healthcare Business Awards, Athens, Greece, 2023.

Completed my PhD in Cardiology at the Biomedical Research Foundation of the Academy of Athens (BRFAA) – Greece (2007) with Honors.

My scientific activity consists of more than 100 publications in international as well as national journals; and more than 200 presentations (abstracts, articles, lectures) in international and national congresses on cardiovascular issues related to the research fields of my interest.

Main Scientific Interests

Cardiology research, specifically experimental surgery and laboratory studies; coronary intervention (such as coronary angiography, primary PCI, FFR, OCT, IVUS, right heart catheterization, TAVI, Mitra Clip, pulmonary and tricuspid valve); intervention in pediatric and adult with congenital heart disease (such as PFO, ASD, stenting coarctation, implantation percutaneous valve); echocardiography laboratory (TTE, stress echo, TEE), database management and statistics, experience in research on lifestyle factors, clinical genetics, experimental studies.

Skills & Expertise

- Consultant Interventional Cardiologist at Evaggelismos General Hospital Athens, Greece (2013 – onwards)
- Consultant Interventional Cardiologist, 1st Department of Cardiology, Athens Medical School, Hippokration Hospital Athens, Greece (2012)
- Consultant Cardiologist for Cardiac Care Unit at Polyclinic General Hospital of Athens, Greece (2010-2013)
- Research Fellow on Interventional Cardiology, Department of Congenital and Structural Cardiology, Katholieke University of Leuven, Belgium (2010)
- Interventional Cardiologist at 251 General Air force Hospital, Athens, Greece (2008-2009)
- Head Cardiologist at the Diagnostic Centre “Bioiatriki”, Athens, Greece (2008-2009)
- Medical Doctor of “ATTIKA” Bank personnel, Athens, Greece (2004)

Multiple transcatheter aortic valve (TAVI), transcatheter Mitral valve and pulmonic implantation procedures Experience

- Training in TAVI with Core valve (Medtronic) In Switzerland 2015
- Training in TAVI with Portico valve (St. Jude - Abbott) in Holland and Denmark 2015,2017.
- Training in TAVI with Accurate valve (Boston Scientific) in Italy 2018.
- Honor Invited Fellow Researcher in multiple TAVI implantation procedures and Mitra clip in Catholic University of Leuven(KU Leuven), Belgium 2018-2019.

- MD Proctor in training Portico transcatheter aortic valve implantation (Abbott) from June 2020.
- MD Proctor in training Acurate Neo 2 aortic valve implantation (Boston) from 2024.
- MD Proctor in training Myval aortic valve implantation (Meril) from 2024.
- MD Proctor in training Hydra aortic valve implantation (SMT) from 2024.
- Training in Renal Denervation System, in Hypertensive patients in Munich 2022.
- MD Proctor in training Acurate Neo2 transcatheter aortic valve implantation (Boston Scientific) from 2024
- MD Proctor in training Hydra transcatheter aortic valve implantation (SMT) from 2024

I have a solid experience in teaching and giving lectures to Medicine students, residents of Cardiology, cardiologists (2002 - until today) and in participating as an expert, rapporteur in numerous medical Congresses, workshops, roundtables, etc.

Certified in Cardiology by the : Hellenic Board of Internal Medicine, Hellenic Board of Cardiology, Belgium Board of Internal Medicine, Belgium Board of Cardiology, Fellow of European Cardiological Society (FESC), Member of Working Group on European Association of Percutaneous Cardiovascular Interventions (EAPCI), Member of Working Group on Heart Failure Association of the ESC, Member of Working Group on European Valvular Heart Disease, Member of Working Group on European Grown-up Congenital Heart Disease, Member of European Bifurcation club.

Medical Society Memberships & Working Groups

Member of the Belgium Cardiological Society (2010); the Hellenic Cardiological Society (2009); the European Cardiological Society (2009); Core Group of the HCS: Interventional Cardiology (2010); Member of European Bifurcation Club (2015).

Vice President and President of Valvular Heart Disease, Adult Congenital Heart disease, Pulmonary Hypertension at the Hellenic Society of Cardiology (2020-2024).
